

We:

- support the protection and conservation of Dundee's historic buildings and open spaces.
- scrutinise significant development proposals and comment/campaign accordingly.
- support new developments which improve the quality of the built environment.
- campaign for new uses for empty buildings and derelict sites, including those on the Buildings at Risk register.
- examine and comment on Local Plans and proposed area developments.
- run the Dundee Civic Trust Award scheme to encourage and recognise good building design, conservation and regeneration.
- publish an annual journal, Civic Dundee.
- circulate a regular e-bulletin Newsflash, on topical issues.
- hold an annual programme of public talks on design, architecture and conservation.
- undertake projects to increase knowledge and understanding of the city's environment.
- engage with Dundee City Council, architects, developers and other local organisations.

We are a charitable Trust, founded in 1973, who care about our historic City, its architecture and environment, and promote and encourage the highest standards of design in conservation, regeneration and new building projects.

Our members believe that the quality of our environment is vital to our wellbeing as it impacts on our sense of place and identity, encourages economic development and employment and enables residents and visitors to enjoy it to the full.

Come and join us!

By joining Dundee Civic Trust, you will join like-minded people who care about the City and want to improve it. In addition, your membership adds weight to the Trust's influence with developers and authorities alike.

You don't need to live in Dundee: you don't need to be from Dundee: All you need is to want the **best** for Dundee.
